

BAER AIR
AN AVIATION SERVICES COMPANY

BAER AIR PRESS RELEASE
For Immediate Release
February 24, 2011

Contact: Bill Baer, President
Email: billbaer@flybaerair.com
Phone: 321/956-8695

Baer Air, Brevard County's largest based air carrier, has received approval from the Melbourne Airport Authority to reclassify their Maintenance and Operations Center (MOC), located at the Melbourne, Florida airport (KMLB), to a "Class A" Fixed Base Operation. On May 1, 2011, Baer Air's recently constructed 29,000 square foot MOC will become a Fixed Base Operation offering a full range of FBO services to the General Aviation and Air Carrier community.

As the owner of an air charter company with 10 aircraft on their certificate, as well as being a former FBO owner, Bill Baer and his staff are well versed in the needs of private flyers. The FBO's General Manager, Ryan Knight, has overseen Baer Air's maintenance department for the past four years and has a keen understanding and respect for the needs of corporate flight departments.

In addition to the customary services expected of a full service FBO, Baer Air will offer pantry catering, unscheduled maintenance repair services, charter customer concierge, planeside rental cars and limousines, and extremely competitive fuel prices. Aircraft arriving from international destinations may choose to be serviced on the international arrivals ramp area for quick turns. All FBO services will be available 24 hours a day, seven days a week, because "business travel never sleeps".

The Melbourne International Airport is a user fee international arrival facility with a control tower, precision guidance approach systems, and parallel runways, one of which is over 10,000 feet in usable length.

Baer Air is located at 150 South Apollo Boulevard, Melbourne, Florida, directly across from the scheduled air carrier terminal. The ramp is accessed by exiting north onto Taxiway "Sierra" from the east end of runway 9R/27L. Additional information about Baer Air and Baer Air FBO Services may be found on their website or by contacting them at 321 956-8695 or toll free at 866 453-2605.
